

Acibadem University was founded in 2007 dedicated to the field of health sciences.

By using dynamic and contemporary educational programs, a strong academic teaching team trains healthcare students to be future healthcare professionals who continually research innovations in all fields of medical science. With the mission of being a strongly research oriented university, the research laboratories are fitted out with the latest state of the art equipment, designed to complement the life sciences and biotechnology fields.

The Clinical Simulation and Advanced Endoscopic – Robotic Surgery Training Center – CASE is one of the most comprehensive medical training centers in the world with its accommodation of multiple departments and advanced technological infrastructure. CASE received the “Center of Excellence” certificate awarded by the CAE Academy to only two medical training centers worldwide. The Center is accredited by the Network of Accredited Clinical Skills Centers of Europe (NASCE) and the Society for Simulation in Healthcare (SSH), providing pre- and post-graduate training.

Acibadem University offers its students the opportunity to study abroad at esteemed partner universities under the Erasmus Programme having bilateral agreements with Europe’s most notable universities. With 100,000 square meters of in-closed area centrally located on the Asian side of Istanbul, the Kerem Aydınlar Campus is replete with high-technology equipment and offers students a privileged university life.
